

BENDER'S RYE WHISKEY
SAN FRANCISCO, CALIF.
* BENDERSRYE.COM *

Bender's is a complex yet accessible rye whiskey that is produced in the old navy brig on San Francisco's Treasure Island. Sourced from a distillery not far from where one of our founders was born, each batch of Bender's is unique.

For our latest batch we selected a 9 year rye which was brought to Treasure Island where 25% was aged for an additional 8 months. The rye was then blended with a 13 year old corn whiskey to bring out subtle hints of vanilla and butterscotch while adding some weight and substance. We also lowered the proof to 92 for a less fiery finish.
