blending grounds in
the Sierra Nevada.

BENDER'S OLD CORN WHISKEY

SAN FRANCISCO, CALIF.

BENDERSWHISKEY.COM

Bender's Old Corn is a complex yet accessible corn whiskey that's produced on San Francisco's Treasure Island. Sourced from a distillery not far from where one of our founders was born, each batch is unique. Our first batch is a blend of whiskies that have been aged for 8, 9 and 13 years in charred oak barrels. They're then brought to Treasure Island for additional aging in Hoffmeister Barrels for up to 18 months and blended in small batches.

Our take on a classic bourbon style whiskey, Old Corn boasts subtle notes of toasted wood and caramel and has a rich honeyed finish. Perfect in and old fashioned or with ginger beer, each bottle is crafted to warm the discriminating palate.
